

# emulso commercial vehicle care

emulso manufactures a complete line of commercial vehicle detail products to keep fleets of all sizes looking & performing their best.

## exterior vehicle cleaners & degreasers

**ALL-PURPOSE CLEANER**  
plastic & upholstery vehicle cleaner  
Removes tough stains, dirt & grime from plastic, leather & carpets.

**AUTO TRUCK & TRAILER WASH**  
concentrate  
Washes vehicles & equipment with a high-foaming formula that lubricates cloth & brush applications for a deep clean.  
*Safe on any surface in use with dilution*

**BRAKE CLEANER**  
non-chlorinated  
Ready-to-use solvent-based formula that removes accumulated dirt, grime, & grease. Directly spray or wipe on part to be cleaned, then wipe/spray off.

**BULLDOZER & EQUIPMENT CLEANER**  
industrial strength cleaner/degreaser  
Dissolves dirt, grease, & other heavy deposits using a biodegradable formula.  
*Safe to use on paint & metal surfaces*

**CYCLONE RED WASH**  
cleaner/degreaser  
Attacks & dissolves tough grease & dirt accumulations using an alkaline-based formula. Great for use on blacktop, concrete, vinyl siding, machinery & equipment.

**FOAM BRUSH**  
foaming wash  
Removes build-up from painted surfaces using an ultra-concentrated formula. Perfect for use in pressure washers, rollovers, foam brush bays, or wherever a high-foaming car wash soap is needed.  
*Safe for clear-coat finishes when used as directed*

**LEMON SEAL WAX**  
sealer wax & water sheeting agent  
Beads water, providing a bright, waxed appearance during the final rinse of automotive or cloth-operated car wash systems.  
*Safe for use on all vehicles*

**ONE STEP - TVO**  
tire & vinyl dressing  
Protects tires & provides high-gloss shine using a silicone-based formula that seals & restores tires, vinyl, leather, wood, & rubber.

**TRANSPORTATION CLEANER**  
commercial transportation cleaner  
Removes road film, grease & heavy dirt from vehicles & equipment using a biodegradable formula. May be used manually or in pressure washers or self service/automatic car wash systems.

**TRUCK WASH BLUE CONCENTRATE**  
high alkaline truck wash  
Penetrates & removes tough road grime from vehicles & equipment using a powerful, detergent & solvent-based formula. Leaves behind a lustrous finish.

**WASH & SHINE**  
wash & wax vehicle cleaner  
Strips water from vehicles producing a mirror-like shine in one step. Apply with a spray bottle to prompt water-shed & minimize spotting.  
*Ideal for fleets & buses*

**WHEEL BRITE**  
safe acid rim & tire cleaner  
Cleans & brightens aluminum in one step using low pH organic salt. Replaces traditional hazardous acids like hydrofluoric & sulfuric.

## specialty chemicals

**ACID PRESOAK**  
acid replacement technology  
Loosens soils, grease, & road film from vehicles & equipment using a non-phosphate formula.  
*May be used with touchless car wash systems*

**ALKALINE PRESOAK**  
acid alternative  
Loosens dirt, grease & road film from vehicles & equipment.

**ALUMINUM CLEANER**  
acid replacement technology  
Cleans & polishes wheels using a fast-acting, foaming formula.

**MAGIC HAND CLEANER**  
hand cleaner  
Removes tough dirt & grime from hands leaving skin soft & clean using a solvent-free formula that contains walnut shell scrubbers & six different lotions.

**TAR & ASPHALT REMOVER**  
solvent-based cleaner  
Eliminates tar, blacktop sealers, & asphalt products from most washable surfaces including concrete, masonry, wood, metal, glass, ceramic & fabrics using a solvent-based formula. Ideal for cleaning tools, equipment, & machinery after spills & overspray.  
*Test on an inconspicuous area before using on painted/unknown surfaces*

**TOUGH STUFF PLUS**  
acid replacement concrete remover  
Removes concrete from vehicles & equipment using low pH organic salt that outperforms traditional acids.  
*DOT classified as a non-regulated material*
